

Payroll Administration Skills and the Laws

(including new calculations with the new amendments to EA 1955)

HRD Corp Claimable (SBL-Khas)

This is a training course with practical examples and illustrations designed for clear and easy understanding by the persons in charge of creating and approving the HR policy on wages, the persons tasked with checking or verifying or approving source documents before the information is keyed into the system for computation of wages.

The lack of complete understanding will not only cause wrong payments to be made out, but also cause the company to face risk of prosecution for violation of the law, being ordered to make back pay for up to six years or the company to pay more than what is required.

Objectives

Upon completion on this programme, participants will be able to:-

- Learn the legal considerations in compensation
- Understand payroll administration and comply to the Malaysian Laws
- Have better understanding on payroll workflow thus work more efficiently
- Analyse the efficiency of current company practices based on case studies of various companies in different industries
